AN AUTHENTIC WESTERN STEAKHOUSE & SALOON

Mormon Lake, Arizona's largest natural lake when full, is located in the tall pine country of Northern Arizona just south-east of Flagstaff. In 1887, the railroad came to Mormon Lake transporting wool, railroad ties, logs, and firewood both east and west along the old A & P Line to rapidly growing towns in Arizona and beyond.

The village started out as a tent encampment. The Lodge, originally called Tombler's Lodge, was built in 1924 during the heydays of ranching and logging in Northern Arizona. It was a place for the men to bring their families for a good meal and relax in the Saloon enjoying their favorite libation.

Word spread fast about Mormon Lake Lodge and its reputation for great food.

Inspect the walls of the Steakhouse and you will find the brands of many ranches located in Arizona. These authentic brands were seared in the walls of the Steakhouse during one of the wildest branding parties ever when the Lodge was rebuilt after a fire on the Fourth of July weekend in 1974. While in the Lodge, wander around and visit the Zane Grey Museum collection and our 1800's style saloon.

Today, visitors continue to come to the Lodge enjoying the easy atmosphere, great food, good times, rustic log cabins, excellent fishing, and the best hunting in the state, all set along side one of the largest stands of Ponderosa Pine in the world.

Memories are made here. Make time to visit the buffalo enclosure, petting zoo and the kids will enjoy the fun at the Arcade. And don't forget to stop by the General Store and Gift Shop for that perfect gift for family and friends!
